Annual Report to the community

**JUNIOR LEAGUE OF
LOS ANGELES, INC.®**

Women building better communities

From the President

The Junior League of Los Angeles has served as the preeminent training organization for women leaders for more than 80 years, and I am honored to have served as the President this year.

Our dedicated members have put their training to work, serving as lights in the community - fighting childhood obesity, mentoring at-risk teens and helping formerly homeless women and families achieve their dreams as working members of our community, living independently and planning for their future. While these are just a few of the many projects and programs undertaken by League members this year, we can be proud of the collective accomplishments of the Junior League of Los Angeles.

As we end this League year and look toward the future, I know that our spirit, enthusiasm and commitment to training and service will continue. Thank you to our donors, supporters and members who have made these accomplishments possible.

Gwyn Dilday
President
