

# The Honorable Sherri Sobel

---

REFEREE SHERRI SOBEL has been advocating for children and their families for over twenty years. She was in private practice specializing in juvenile law, appellate law, and the educational rights of children, and an alternate Public Defender in San Diego before coming to Los Angeles. She has been on the bench for 12 years. She has written, co-edited, or was an advising editor for many books for bench and bar, and is a content editor for those smart people who post content on-line, although she does not really get how that works. She teaches, preaches, and gives speeches nationally about the importance of education for our families in the juvenile system. Referee Sobel is the proud recipient of the California Juvenile Court Judge of the Year award (2007).
